MODULE 02

AI Crime Risk Prediction

Analyses historical crime data to estimate risk for an area. No login required.

LOCATION

Anna Nagar

CRIME TYPE

Theft

Predict Risk

Risk Level: LOW

Reason:

Only 2 theft case(s) on record for Anna Nagar.

Prior cases on record:

2

Recommendation:

Area currently has lower crime risk. Continue normal safety precautions.

How the prediction works

The predictor counts how many past reports match the chosen location and crime type, then classifies the risk:

- High** — 15+ matching cases, or an area with heavy overall crime
- Medium** — 5–14 matching cases
- Low** — fewer than 5 matching cases
